SUBJECT: Feedback Application & Business Conduct Policy

DATE: Friday, February 8, 2008

One of the greatest defining hallmarks of the University's spirit has been the tremendous independence afforded to its students and the relative autonomy of its student clubs and organizations. Here at Brandeis University, students have the freedom to start a club or organization and use it as an opportunity to get involved.

Not surprisingly, our system grows rapidly in its complexity and size. In such system, the Student Union Government feels it is important to provide an avenue in which students can freely express their voices. It is equally important that students have the option to express their opinions anonymously.

It is in this spirit that, on behalf of the Student Union Government, I am pleased to introduce to you a feedback application in which students can give suggestions, opinions, criticisms, and/or report illegal or unethical conduct. In order to use the application, please go to www.thetreasurer.org. Once in the website, please click on the "Feedback Application" link, which can be found on the "Updates" section on the right side of most pages. This is not just for club leaders; this is for every student who is involved in a student club or organization.

In addition to this feedback application, it is my pleasure to introduce you our Business Conduct Policy. The issuance of this Business Conduct Policy is intended to provide guidance to Student Union members on what appropriate conduct for Brandeis Student Union business functions is. These policies offer a framework to assist in understanding some of the Student Union Government's tasks. The PDF version of Business Conduct Policy can be found on the application system.

Please take advantage of this application system. The only way the Student Union Government can improve and do a better job for you is through communication.

For questions, please do not hesitate contact the Student Union Treasurer at treasurer@brandeis.edu.
